Stone in my shoe !

The foot that me demange
In my shoe
Around their ranch
Need horses
To jump, to gallop
Far from their pop
To sing like an indian
To dance as a star
Like Nietzsche the german
Who did want start
From bible an other way
Of freedom anyway
The overman
In the eternal return
When you turn
A page of few grams
But a jump into the life
With your knife
Cynical, without call
for help, the child is tall
Plays to deceive
Thinks to decide !
